

Covid Policy

If in the event a classroom was exposed to Covid, and we are to the point we are forced to close for an extended amount of time, you would receive 50% of your tuition for closures lasting two or more days.

- If your child has been exposed to Covid at Paramount Childcare, we will notify you via Brightwheel, or Email and you will be asked to watch your child for symptoms.
- In the event your child tests positive for Covid, you will be asked to quarantine for 10 days from the first day of symptoms, or 10 days from the first day of exposure if there are no symptoms. You will not be reimbursed for this, but you may request to use your vacation credit.

Please take precautions to limit Paramount Childcare's exposure by:

- Alerting us if your child has been exposed outside of our program.
- Keeping your child home in the event they are showing Covid signs or symptoms.
- Be safe in and around the community.
- If a member of your household is testing for Covid please keep your child home until you receive your negative test results. Because children cannot mask it is impossible for us to have them keep their germs to themselves.

And as always Paramount is taking the following precautions to keep us all safe and healthy so we limit our exposure and chances of closure.

- Bleach solution (which we make daily) spray for surfaces, toys, gates, doors, etc.
- Excessive hand washing & hand sanitizing
- Sanitizing toys daily (trading toys out several times & sanitizing after each use)
- Mask wearing
- Social distancing when we can
- 20 Min in between common area use so cleaning solution can be applied and dry
- No parents, or unnecessary foot traffic through our facility

Thank you for going above and beyond to keep us all safe and healthy at Paramount Childcare.
